

**Momentum Technologies Organization, LLC – est. May 2004**

Local to the Southwest Indiana region, we are committed to the value and merit in cultivating long-term business relationships with our clients. We strive to be responsive and understanding of the challenges involved in implementing technology in today's business environment.

Our approach (successfully) has been very simply to identify I.T. needs, and assemble the resources necessary to overcome the technology challenges facing our customers.

Our background includes over 50 years of combined experience in information systems management, development, integration, and consulting. Our services include the following:

**Applications and Software Development**

- Microsoft .NET Development
- SQL Server: Implementation, Development, and Administration
- Web Application Design and Development
